

PECB GDPR Certified Data Protection Officer

Develop the competencies and knowledge necessary to lead all the processes to comply with the requirements of the General Data Protection Regulation (GDPR) in an organization

Why should you attend?

As data protection is becoming absolutely crucial for every organization, the need to protect data is also becoming more salient than ever before. Besides violating fundamental rights of persons, not complying with the data protection regulations can lead to risky situations that could significantly harm an organization's credibility, reputation, and financial status. This is where your skills as a data protection officer come make a difference.

The PECB Certified Data Protection Officer training course will help you acquire the knowledge and skills to serve as a Data Protection Officer (DPO) to help organizations ensure compliance with the General Data Protection Regulation (GDPR) requirements.

Based on practical exercises, you will be able to master the role of the DPO and become competent to inform, advise, and monitor compliance with the GDPR and cooperate with the supervisory authority.

Who should attend?

- Managers or consultants seeking to prepare and support an organization in planning, implementing, and maintaining a compliance program based on the GDPR
- DPOs and individuals responsible for maintaining conformance with the GDPR requirements
- Members of information security, incident management, and/or business continuity teams
- Technical and compliance experts seeking to prepare for a data protection officer role
- Expert advisors involved in the security of personal data

Course agenda

Duration: 5 days

Day 1 | Introduction to the GDPR concepts and principles

- Training course objectives and structure
- General Data Protection Regulation (GDPR)
- Core considerations for the GDPR
